

LOCAL UNION No. 42

INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS AFL-CIO

Michael Treadwell
Business Manager / Financial Secretary

November 20, 2017

Dear Brothers & Sisters of Local 42,

October was another productive and successful month for our members and officers. On October 25th- 26th Mike Treadwell, Pawel Robak, Derek Santa Lucia, Patrick Dowland, Daniel Hartley and myself attended a IBEW Leadership Training seminar, we gained a great amount of knowledge regarding the Local and International laws, regulations, and policies.

Multiple storms affected our country in the month of October and the brothers and sisters of Local 42 played a big role in the restoration of power both close to home and afar. Congratulations on a safe and effective month of power restoration.

This year we have sworn in a total of 64 Journeymen Lineman. At just this October's meeting we swore in 17 Apprentices, 4 Driver Groundman, and 1 Groundman. Please remember to always work safe, lead by example and always be willing to give guidance and support to our new brothers and sisters. Along with the holiday season comes a higher demand in our work force as well as storm season. Stay diligent, determined and ready for anything, and we will have a great end to 2017 as a local.

Be your brother's keeper & work safe!

Wishing you and your family a safe and Happy Thanksgiving.

Sincerely,

Marion Osmanski
